

International Suzuki Voice Program - Conferences

After more than twenty years of work, the English and Spanish translations of Volume One and Volume Two have been internationally accepted by qualified Suzuki Voice Teachers and advisors around the world.

I want to warmly thank them for their dedication to the Suzuki Voice Program. I also thank all the participants of the conventions, conferences and workshops where Volume One and Volume Two were introduced. The feedback and corrections have been most helpful.

Thank you to Paula Mäenpää for the books illustrations and Jaume Fargas i Fernández for the editing work.

And especially, I want to thank all the Suzuki Voice students and their families from around the world. Since 1986, you have helped us to make this Program a reality.
